Tree 46. Lift & Engineering Services March 2016

April 2015

**About our woodland:** Planted in March 2015 it is a mixed deciduous woodland planted with Oak (*Quercus robur*), Silver Birch (*Betula pendula*), Alder (*Alnus glutinosa*), Hazel (*Corylus avellana*), Holly (*Ilex aquifolium*) and Dog Rose (*Rosa canina*). The woodlands are located in the Shropshire countryside close to the banks of the River Severn. Our woodland has the capacity to sequester 9 tonnes of CO<sub>2</sub> per hectare every 10 years.
